Dear Sir:

A Petition to Accept Color Photographs was filed on 14 March 2003. The petition was denied on 14 July 2003 because "Applicant [sic] has failed to submit a black and white photocopy that accurately depicts, to the extent possible, the subject matter shown in the color drawing with the petition." In response to the notice of denial, Applicants' filed a Transmittal of Formal Drawings on 7 August 2003, and transmitted a set for black and white formal drawings as a replacement for the color photographs. Presently, Applicants' Representatives submit a Renewed Petition to Accept Color Photographs in the above-identified application.

Pursuant to 37 CFR § 1.323, enclosed are three (3) sets of color photographs (showing Figures 1-2). Also enclosed are copies of the above-referenced photographs printed in black and white. The black and white photocopies accurately depict, to the extent possible, the subject matter as shown in the color photographs.

Furthermore, the above-referenced patent application includes the following paragraph at column 1, lines 15:

The file of this patent contains at least one drawing to be executed in color. Copies of this patent with color drawings will be provided by the Patent and Trademark Office upon request and payment of the necessary fee.

Finally, as this is a Renewed Petition for Color Photographs, Applicants believe that no fee is necessary. However, if the Examiner deems a fee necessary, please charge Deposit Account No. 13-4895. One copy of this sheet marked duplicate is also enclosed.

Respectfully submitted for
Clinton P. Waller, Jr. et al.
